# About us

With decades of experience in fostering international cooperation, the Matchmaking Platform was developed by the **Council of European Municipalities and Regions (CEMR).** Since 1951, CEMR has played a pioneering role in strengthening town Twinning as a tool for peace, solidarity, and mutual understanding. This digital platform builds on that legacy, helping communities connect and collaborate.

CEMR brings together 60 national associations from 41 countries, representing local and regional governments across Europe.
